Experience

Livable Communities Initiative / Sullyville (Los Angeles, CA)

September 2024 - Present

Producer + Video Editor

- Collaborate with content creators and community organizers to produce and edit engaging videos that raise awareness about urban planning, transportation, and sustainability in Los Angeles.
- Manage video production, editing, and social media distribution to broaden outreach and contribute to meaningful conversations on creating more livable communities.

Jamtrackd (Los Angeles, CA)

November 2023 - Present

Founder / Lead Developer

- Writing a mobile application that allows users to rate and share their music tastes. Full stack experience based in Flutter/Dart + XCode.
- Improving package management skills. Packages in use include, but are not limited to, freezed, goRouter, Riverpod, etc.
- Developing further knowledge on APIs and network communication. Spotify API provides an OAuth secure database for music data with Firebase backend for storing user data and content.

ClinChoice (Paris, FR)

April 2024 - July 2024

Web Development / Machine Learning Intern

- Head of a UI overhaul for the AI portal/landing page, using reactjs to create an intuitive and beautiful experience.
- Gain experience with data preprocessing. Learn the art of cleaning and structuring data for ML readiness.
- Honed a NLP model using CoLab, using Python for its deployment and Azure SQL database for storage.

EV Range (San Pedro, CA)

November 2022 - April 2024

QA Engineer / Marketing Lead

- The last line of defense between buggy software deployments and production. Ensure pushes from the development team function with the rest of the codebase, using both automated Cypress scripts and manual tests to be completely thorough.
- Solely responsible for writing, revising, and publishing press releases on behalf of the company. Created and used PRNewsWire account.
- Write, shoot, and edit videos, blogs, and infographics for social media on varying topics about EV industry and the company.

Marathon Management Inc. (Beverly Hills, CA)

October 2022 - March 2023

Talent Management Intern

- Assist the management team with the script selection process. Provide thorough coverage and personal analysis on scripts, decks, and pilots submitted to Marathon Management to determine the quality of the projects.
